¹ This exhibit list contains exhibits relevant to Audible Magic's counterclaims of derivation and joint inventorship, unjust enrichment, inequitable conduct, Lanham Act violations and unfair competition, in view of the Court's Report and Recommendation to grant summary judgment of non-infringement to Audible Magic, and in view of the fact that such moots Audible Magic's substantive invalidity counterclaims, which may be disposed of provisionally, pending appeal. *See e.g. Nystrom v. Trex Co.*, 339 F.3d 1347 (Fed. Cir. 2003). Audible Magic fully reserves its right to supplement and amend this exhibit list (and to seek to increase the number of permitted exhibits) pending any further development in this case.

² For patents listed in this exhibit list, the "Date" reflected are the patents' issue date. These dates are not meant to reflect the patents' priority dates and are not an admission or waiver, whatsoever, of any issue regarding a patent's date of priority, invention, conception or reduction to practice.
